MANAGEMENT INFORMATION CIRCULAR (the "Circular")

SOLICITATION OF PROXIES

This Management Information Circular is being furnished in connection with the solicitation of proxies by and on behalf of the management of Ortho Regenerative Technologies Inc. (the "Corporation") for use at the Annual General and Special Meeting of shareholders of the Corporation (the "Meeting") and any adjournment(s) or postponement(s) thereof, to be held in Kirkland, Quebec, on July 23, 2020 at 10:30 a.m. EST and simultaneously by telephone conference at 1-877-808-8096, conference ID: 6113869#, for the purposes set forth in the Notice of Meeting accompanying this Management Information Circular. Shareholders joining by telephone conference will be able to listen to the Meeting but will not be able to vote. Information contained in this Circular is given as of June 22, 2020 unless otherwise specifically stated.

The solicitation of proxies will be primarily by mail. However, the directors, senior executives and regular employees of the Corporation may also solicit proxies by telephone, electronic means or in person, such persons receiving no compensation. Banks, brokerage houses and other custodians, nominees or fiduciaries will be requested to forward the soliciting material to their principals and to obtain authorization for the execution of proxies. All costs of solicitation by management will be borne by the Corporation.

All references to "shareholders" or "you" in this Circular are to registered shareholders unless specifically stated otherwise.

INFORMATION CONCERNING VOTING AT THE MEETING

Your Vote is Important

As a holder of Class "A" shares ("**Shares**") of the Corporation, it is very important that you read the following information on how to vote your Shares, either by proxy or in person at the Meeting. These materials are being sent to both our registered and non-registered shareholders. Please return your proxy as specified in this Circular and in the form of proxy.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the "**Proxy**") are officers and/or directors of the Corporation. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person other than any of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors;
- (b) any amendment to or variation of any matter identified therein; and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Shares represented by the Proxy for the approval of such matter.

Registered Shareholders

Registered Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. **As part of its precautionary measures in response to the COVID-19 outbreak, the Corporation STRONGLY RECOMMENDS that Registered Shareholders exercise their right to vote by proxy PRIOR TO THE MEETING either by mail, online**

or by telephone, following the instructions outlined in the enclosed Management Information Circular. The Corporation also **STRONGLY RECOMMENDS** that Registered Shareholders join the Meeting **BY TELEPHONE ONLY**. Shareholders joining the Meeting by telephone conference will be able to listen but will not be able to vote. Management will answer questions following the formal portion of the Meeting.

Registered Shareholders may choose one of the following options to submit their proxy:

- (a) completing, dating and signing the proxy and returning it to the Corporation's transfer agent, Computershare Trust Corporation of Canada ("Computershare"), by fax within North America at 1-866- 249-7775, outside North America at (416) 263-9524, or by mail to the 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1;
- (b) using a touch-tone phone to transmit voting choices to a toll-free number. Registered Shareholders must follow the instructions of the voice response system and refer to the enclosed proxy form for the toll-free number, the holder's account number and the control number; or
- (c) using the internet through the website of the Corporation's transfer agent at www.investorvote.com. Registered Shareholders must follow the instructions that appear on the screen and refer to the enclosed proxy form for the holder's account number and the control number.

In all cases the Registered Shareholder must ensure the proxy is received at least 48 hours (excluding Saturdays, Sundays and statutory holidays) before the Meeting, or the adjournment thereof, at which the proxy is to be used.

Beneficial Shareholders

The following information is of significant importance to Shareholders who do not hold Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by Registered Shareholders (those whose names appear on the records of the Corporation as the registered holders of Shares) or as set out in the following disclosure.

If Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Shares will not be registered in the shareholder's name on the records of the Corporation. Such Shares will more likely be registered under the names of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States of America (the "U.S."), under the name of Cede & Co. as nominee for The Depository Trust Corporation (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

You should carefully follow the instructions of your broker or intermediary in order to ensure that your Shares are voted at the Meeting.

The form of proxy supplied to you by your broker will be similar to the Proxy provided to Registered Shareholders by the Corporation. However, its purpose is limited to instructing the intermediary on how to vote your Shares on your behalf. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**") in Canada and in the U.S. Broadridge mails a voting instruction form (a "**VIF**") in lieu of a Proxy provided by the Corporation. The VIF will name the same persons as the Corporation's Proxy to represent your Shares at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Corporation), other than any of the persons designated in the VIF to represent your Shares at the Meeting and that person may be you. To exercise this right, insert the name of the desired representative (which may be you), in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting voting of Shares to be represented at the Meeting. **If you receive a VIF from Broadridge, the VIF must be completed and returned to Broadridge, in accordance with Broadridge's instructions, well in advance of the Meeting in order to have the Shares voted at the Meeting, or to have an alternate representative duly appointed to attend the Meeting and vote your Shares.**

The enforcement by the shareholders of civil liabilities under the U.S. federal securities laws may be affected adversely by the fact that the Corporation is incorporated or organized under the laws of a foreign country, that some or all of their officers and directors and the experts named herein are residents of a foreign country and that the major assets of the Corporation are located outside the U.S.

REVOCATION OF PROXIES

A shareholder may revoke a proxy:

- a) by depositing an instrument in writing executed by the shareholder or by an attorney authorized in writing,
 - i. at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or
 - ii. with the chair of the Meeting on the day of the Meeting or an adjournment thereof; or

Compensation Discussion and Analysis

The Corporation's compensation policies and programs are designed to recognize and reward executive performance consistent with the success of the Corporation's business. These policies and programs are intended to attract and retain capable and experienced people. The Board's role and philosophy will be to ensure that the Corporation's compensation goals and objectives, as applied to the actual compensation paid to the Corporation's CEO and other executive officers, are aligned with the Corporation's overall business objectives and with shareholder interests.

The Board considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-range interests of the Corporation and its shareholders, overall financial and operating performance of the Corporation and the Board's assessment of each executive's individual performance and contribution toward meeting corporate objectives.

The Board assumes responsibility for reviewing and monitoring the long-range compensation strategy for the senior management of the Corporation. The Board will determine the type and amount of compensation for the executive officers. The Board also reviews the compensation of the Corporation's senior executives and reviews the strategic objectives of the Corporation's share option plan and sets stock based compensation, and considers any other matters which in its judgment should be taken into account in reaching conclusions concerning the compensation levels of the Corporation's executive officers.

The compensation program for the Corporation's senior management will be designed to ensure that the level and form of compensation achieves certain objectives, including:

- a) attracting and retaining talented, qualified and effective executives;
- b) motivating the short and long-term performance of these executives; and
- c) better aligning their interests with those of the Corporation's shareholders.

Elements of Executive Compensation

The compensation paid to Named Executive Officers is comprised of three main components: base salary, annual incentives (bonuses) and long-term incentives, in the form of stock options granted pursuant to the Stock Option Plan. The

following discussion describes the components of compensation and discusses how each component relates to the Corporation's overall executive compensation objective. The Corporation believes that:

- base salaries provide an immediate cash incentive for the Corporation's Named Executive Officers and should be at levels competitive with peer companies that compete with the Corporation for business opportunities and executive talent; and
- stock options ensure that the Named Executive Officers are motivated to achieve long-term growth of the Corporation and increases in shareholder value, and provide capital accumulation linked directly to the Corporation's performance.

The Corporation places equal emphasis on base salary and stock options as short-term and long-term incentives, respectively.

Base Salaries

The Named Executive Officers receive a base salary which is based primarily on the level of responsibility of the position, the qualifications and experience of the officer and market conditions.

The base salaries of the Named Executive Officers are reviewed annually to ensure that they take into account the following factors: market and economic conditions, levels of responsibility and accountability of each Named Executive Officer, skill and competencies of each individual, retention considerations, and level of demonstrated performance.

Base salaries, including that of the Chief Executive Officer and of the Chief Financial Officer, are reviewed by the Board on the basis of its opinion as to a fair and responsible compensation package, taking into account the contribution of the Chief Executive Officer to the Corporation's long-term growth and the knowledge of the members of the Board of Directors with respect to remuneration practices in Canada.

Option-Based Awards

The Corporation has a Share Option Plan in place which was established to provide incentive to qualified parties to increase their proprietary interest in the Corporation and thereby encourage their continuing association with the Corporation. The Board expects that management will propose share option grants based on such criteria as performance, previous grants, and hiring incentives. All grants require approval of the Board. The share option plan will be administered by the Board and provides that options will be issued to directors, officers, employees or consultants of the Corporation or a subsidiary of the Corporation. See "Options to Purchase Securities" for further information on the Corporation's Share Option Plan.

Compensation of Directors

No compensation is currently being paid to our directors. Each director is entitled to participate in any security-based compensation arrangement or other plan adopted by us from time to time with the approval of our Board. The directors will be reimbursed for expenses incurred on our behalf. See "Options to Purchase Securities – Share Option Plan" for further details on the Share Option Plan. No additional fees, including meeting fees, will be paid to directors. Director compensation will be subject to review by the Board and possible change on an annual basis. The Board will consider the Corporation's financial situation, industry standards and practices of comparable issuers.

Employment Contracts and Termination of Employment, Changes in Responsibility

There are currently no employment contracts or arrangements with any of our directors, in connection with their position as directors, pursuant to which a payment or other benefit is to be made or given by way of compensation in the event of that director's resignation, retirement or other termination of office. There are currently no other employment contracts.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

No person who is, or who was since the incorporation of the Corporation, a director, executive officer, employee or any former director, executive officer or employee of the Corporation, and no associate of such persons is, or was as of the date of this Prospectus, indebted to the Corporation or indebted to any other entity where such indebtedness is subject to a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Corporation.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Corporate governance relates to the activities of the Board of Directors, the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the Board of Directors and who are charged with day-to-day management of the Corporation.

Pursuant to National Instrument 58-101 *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) the Corporation is required to disclose its corporate governance practices, as summarized below. The Board of Directors will monitor such practices on an ongoing basis and when necessary implement such additional practices as it deems appropriate.

National Policy 58-201 *Corporate Governance Guidelines* establishes corporate governance guidelines to be used by issuers in developing their own corporate governance practices. The Board of Directors is committed to sound corporate governance practices, which are both in the interest of its shareholders and contribute to effective and efficient decision making.

Board of Directors

A Director is “independent” if he or she is not a member of the issuer’s management or if he or she (or a family member) has not been a member of the issuer’s management for the past three (3) years, and the Board determines that he or she has no direct or indirect material relationship with the issuer. The Board has determined that Michael Atkin, Tom E.S. Wright and Pierre Laurin are “independent”. There are five “non-independent” directors, namely Steve Saviuk, Claude LeDuc, Dr. Brent Norton, Michael Buschmann, and Caroline Hoemann.

The Board has the right and may meet in the absence of the CEO if a conflict of interest arises or where otherwise appropriate.

The Board will permit individual directors, under appropriate circumstances, to engage external advisors and consultants at the Corporation’s expense.

Directorships

The directors or director nominee of the Corporation who are currently serving on boards of other reporting companies (or equivalent) is set out below:

Name	Name of Reporting Issuer	Exchange
Steve Saviuk	Manitex Capital Inc. Earth Alive Clean Technologies Inc. Valeo Pharma Inc.	TSX-V TSX-V CSE

Orientation and Continuing Education

The Board is responsible for overseeing the orientation and the education of new directors and continuing education for existing Board members. New directors meet with the Corporation’s CEO to discuss the Corporation’s expectations of its directors and to discuss the Corporation’s business and strategic plans.

Ethical Business Conduct

The Board assumes stewardship responsibilities with a view to enhancing shareholder value. The Board will be responsible for monitoring the Corporation’s strategic goals and objectives and to review and approve management’s strategic and operational plans to ensure that they are consistent with the identified strategic goals and objectives.

Directors shall disclose all actual or potential conflicts of interest and refrain from voting on matters in which the Director has a conflict of interest.

Nomination of Directors

Due to its relatively small size, the Board as a whole assumes the responsibility of, and determines the process for, proposing new nominees to the Board and assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of individual directors. The Board has determined that its independence is not compromised by having the Board, as a whole, deal with these issues. The Corporation has adopted a majority voting policy for directors that are presented as candidates at the annual shareholders meeting.

Compensation

The Board reviews the adequacy and form of compensation of the directors to ensure that the compensation reflects the responsibilities and risks involved in being an effective director.

Board Committees

The Board has one committee: the Audit Committee. The Audit Committee is composed of two independent Directors and one non-independent Director. The role and responsibilities of the Audit Committee are set out in a formal written audit committee charter, attached to this Circular as Schedule A.

Assessment of Directors

The Board assesses, on an annual basis, its contribution as a whole, and that of any committees of the Board and each of the directors, in order to determine whether each is functioning effectively.

Other Board Committees

Other than as disclosed herein, there are no committees of the Board of Directors as of the date of this Circular.

Assessments

Neither the Corporation nor the Board of Directors has developed a formal review system to assess the performance of the directors or the Board of Directors as a whole. The contributions of individual directors are monitored by other members of the Board of Directors on an informal basis through observation.

Please refer to Schedule "B" hereafter.

AMENDMENT OF SHARE OPTION PLAN

The Corporation's share option plan (the "**Option Plan**"), adopted on November 20, 2015, provides that the maximum term of any options granted under the Option Plan is limited to (five) 5 years. It is typical for R&D companies such as the Corporation, and generally permitted by stock exchange rules, to have the right to grant options with a maximum term of eight (8) years. This is more suitable considering the longer development phase of these companies before reaching maturity.

Accordingly, at the Meeting, the following ordinary resolution (the "**Share Option Plan Amendment Resolution**") will be presented:

BE IT RESOLVED, AS AN ORDINARY RESOLUTION, THAT:

1. The amendment to the share option plan of the Corporation dated November 20, 2015 (the "Option Plan"), for the extension of the maximum term of any options granted under the Option Plan from five (5) years to eight (8) years, be and is hereby approved.

2. Any director or officer of the Corporation is hereby authorized for and on behalf of the Corporation to execute and deliver all documents and instruments and to take such other actions as such director or officer may determine to be necessary or desirable to implement this resolution and the matters authorized hereby, such determination to be conclusively evidenced by the execution and delivery of any such documents or instruments and the taking of any such actions.

In order for the Share Option Plan Amendment Resolution to be passed, it must be approved by a simple majority of the votes cast by Shareholders who vote in person or by proxy at the Meeting. The Corporation's management recommends that Shareholders vote in favour of the adoption of the Share Option Plan Amendment Resolution. In the absence of instructions to the contrary, the persons named in the enclosed proxy form will vote the Class "A" shares represented thereby IN FAVOUR OF the Share Option Plan Amendment Resolution.

SHAREHOLDER PROPOSALS

The Canada Business Corporations Act provides, in effect, that a registered holder or Beneficial Shareholder of shares that is entitled to vote at an annual meeting of the Corporation may submit to the Corporation notice of any matter that the person proposes to raise at the meeting (referred to as a "**Proposal**") and discuss at the Meeting any matter in respect of which the person would have been entitled to submit a Proposal. The Canada Business Corporations Act further provides, in effect, that the Corporation must set out the Proposal in its management proxy circular along with, if so requested by the person who makes the Proposal, a statement in support of the Proposal by such person. However, the Corporation will not be required to set out the Proposal in its management proxy circular or include a supporting statement if among other things, the Proposal is not submitted to the Corporation at least 90 days before the anniversary date of the notice of meeting that was sent to the shareholders in connection with the previous annual meeting of shareholders of the Corporation.

The foregoing is a summary only; shareholders should carefully review the provisions of the Canada Business Corporations Act relating to Proposals and consult with a legal advisor.

DISCLOSURE ON DIVERSITY OF THE BOARD OF DIRECTORS AND SENIOR MANAGEMENT UNDER THE CANADA BUSINESS CORPORATIONS ACT

The Corporation is a research and development company with one full-time employee only (its CEO) and a limited number of directors and officers. The Corporation has not adopted formal policies and targets relating to gender diversity or the representation of Designated Groups (i.e., aboriginal peoples, persons with disabilities and members of visible minorities) among the members of its Board and senior management. Currently, one director (14% of all directors) and no senior officer of the Corporation is a woman. There are no other members of Designated Groups on the Board or among senior management.

Members of the Board are elected for a period of one year and remain in office until the next annual general meeting of shareholders at which time their mandates terminate.
