

**PRESS RELEASE**

**FOR IMMEDIATE DISCLOSURE**

## **ORTHO REGENERATIVE TECHNOLOGIES COMPLETES ADDITIONAL PRIVATE PLACEMENT**

- **Additional private placement conducted on same terms as recently oversubscribed \$2.5 million private placement**
- **Gross proceeds from the two financings totalling \$2.6 million**

Montreal, QC, September 2, 2020 – [Ortho Regenerative Technologies Inc.](#) (CSE: **ORTH**) (“**Ortho RTI**” or the “**Company**”), an emerging orthobiologics company focused on the development of novel soft tissue repair regenerative technologies, announced today that it has completed a \$137,600 additional non-brokered private placement of units (the “**Private Placement**”). The additional Private Placement was conducted at the same terms and follows the closing of a non-brokered and oversubscribed \$2.5 million private placement of units completed on August 21, 2020 bringing the overall gross proceeds raised through the two private placements to \$2.6 million.

The Company issued an additional 430,000 units (the “**Units**”) at a purchase price of \$0.32 per Unit for total gross proceeds of \$137,600. Each Unit consists of one (1) class A share of the Company (a “**Share**”) and one (1) Share purchase warrant of the Company (a “**Warrant**”). Each Warrant is exercisable into one (1) Share in the capital of the Company (a “**Warrant Share**”) at the price of \$0.50 per Warrant Share for a period of 36 months from closing. In the event that the daily VWAP over any twenty (20) consecutive trading days is greater or equal to \$1.00, the Company may give notice to the Warrant holder, at any time after February 5, 2021, that all remaining Warrants must be exercised within a period of 30-days from the date of receipt of the notice, failing which the Warrants will automatically expire. The “**VWAP**” is the average of the volume weighted average market price of the Company’s Common Shares on a single day.

The Common Shares and the Warrants issued under the Private Placement are subject to a statutory 4-months hold period under the applicable securities laws and in such case the certificates evidencing the Shares and the Warrants will bear a legend to that effect, as applicable. No broker or agent was involved in the transaction.

The net proceeds from the additional Private Placement will be used to fund the following ongoing value creation activities: 1) Securing FDA’s approval to start our US clinical trial

on ORTHO-R for rotator cuff tear repair 2) Manufacturing GMP Clinical Trial batch for Ortho-R 3) Completing US clinical trial investigation sites selection, setting, and training 4) Starting US clinical trial patients enrolment activities 5) Secure US exchange listing for Ortho RTI's shares 6) General and administrative corporate purposes. .

### **About Ortho Regenerative Technologies Inc.**

Ortho RTI is an emerging orthobiologics company dedicated to the development of novel therapeutic soft tissue repair technologies to dramatically improve the success rate of orthopedic and sports medicine surgeries. Our proprietary RESTORE technology platform is a proprietary muco-adhesive Chitosan-based biopolymer matrix, specifically designed to deliver biologics such as Platelet-Rich Plasma (PRP) or Bone Marrow Aspirate Concentrate (BMAC), to augment and guide the regeneration of new tissue in various musculoskeletal conditions. Ortho-R, our lead Chitosan-PRP hybrid biologic implant product, is formulated and designed to increase the healing rates of occupational and sports related injuries to tendons, meniscus and ligaments. Other formulations are being developed for cartilage repair, bone void filling and osteoarthritis treatment. The Chitosan-PRP combination ORTHO-R implant can be directly applied into the site of injury by a surgeon during a routine operative procedure without significantly extending the time of the surgery and without further intervention. A multi-site US Ortho-R Rotator Cuff Tear Repair Pilot Phase I/II clinical trial is being planned and organized. In parallel, an FDA IND submission is planned for the fall of 2020. Considering the significant potential of our technology platform, Ortho RTI continues to assess new therapeutic target uses outside of the soft tissue repair field. Further information about Ortho RTI is available on the Company's website at [www.orthorti.com](http://www.orthorti.com) and on SEDAR at [www.sedar.com](http://www.sedar.com).
